

Originally designed as a City of Chicago Fireboat, the "Fred A. Busse" was built in Bay City, Michigan in 1937 and is similar to two other fire fighting vessels, the Victor Schlaeger and the Joseph Medill, constructed in Sturgeon Bay shortly after World War II. It served the Chicago Fire Department for many years and now houses a small museum dedicated to Chicago's firefighting efforts.

DOOR COUNTY FIREBOAT CRUISES is a **seasonal attraction**. All cruises are subject to weather conditions and minimum passenger count.

Peak season (June/July/August) cruises go daily with rare exceptions normally due to inclement weather. Holiday cruises often fill early.

Off-peak season (September/October), it is especially advisable to plan ahead.

Contact us to confirm schedule.

We are committed to continually improving our service to you.

The captain and crew make every effort to make your time with us on this very special vessel an enjoyable experience.

If you have any comments or suggestions on how we can improve your stay with us, we would be glad to hear from you. Please do not hesitate to contact us by email or give us a call.
